

MEASURING YOUR BED

Calico Corners® recommends professional measuring and installation to ensure a perfect fit. Measurements completed by you will help us provide an accurate quote for your projects.

MEASURING HINTS:

1. Use a metal measuring tape, not a ruler or cloth tape measure. Write your measurements in the spaces provided and double-check them!
2. For all top of the bed products, measurements should be taken with the bed fully dressed with maximum amount of sheets and blankets used. Otherwise, the covering may be too short. Length and fit will vary according to the amount of under coverings.
3. Duvet Covers: Please supply the actual width and length of the insert.
4. Additional forms can be downloaded from calicocorners.com.

A-B. Width of Bed _____

B-C. Length of Bed _____

C-D. Side Drop _____

D-E. Bed Skirt Drop _____
